HVAC MANUFACTURER REPRESENTATIVE

Stephany Associates is an HVAC manufacturer's representative specializing in mechanical and industrial equipment. We are a trusted partner for our local Contractors, Building Owners, Developers, Engineers and Architects.

PRODUCT OFFERINGS

	Precision cooling, mission critical applications, In-row, drycoolers and pump packages		Gas and Oil Explosion Proof Custom Equipment		Energy Efficient & Stackable Fan Array Systems and Designs		Full Fabric Duct Applications, Fabric Diffusers
	Architectural Air Distribution		Active Chilled Beams and Induction Units		Engineered Coil Solutions for Commercial and Industrial Applications		Breeching's, Chimney, Flues, Sub Duct Systems
	Mini-Splits, Heat Pumps, VRF Systems, ERVs, Unitary Equipment		Pre-Engineered Fire Suppression Range Hood Systems		Commercial & Industrial Extractors		Radiant Tube Heaters, Full Radiant Vacuum Systems, Spot Radiant Heaters
	In-Ceiling Cleaning for IAQ Filtration and Neutralization		Dust Collecting, Fume & Mist Eliminators, Bag House Collection Systems		Air-Cooled Water Chillers, Ductless Split Systems		Pre-Engineered Manufactured Rigid Outdoor Phenolic Ductwork Systems
	Louvers, Commercial & Industrial, Control Dampers		Architectural Grilles Registers & Diffusers, UV Grilles & Diffusers		Full line of GRDs, Louvers, VAV and FPB, Life Safety and Control Dampers, Critical Environments including OR Celings, FFUs		Air Handling Equipment, Custom Air Units, Filter Housings
	Air Doors, Air Curtains, Strip Doors, Air Entrance Systems		Fan Coil Units, Vertical/Stack, Replacement Fan Coil Systems		Humidifiers, Electric Heaters, and HVAC Controls & Valves		Specialty Heating, Cooling, Dehumidification, Filtration and Energy Recovery Solutions
	Vehicle Exhaust Systems, Specialty Collection Equipment		Commercial and Industrial HLVS Fans.		Desiccant Wheel and Customer ERV Units		Critical Controls, Fume Hood Controls, Room Pressure Systems, Venturi Valves, Fume Hoods, Sensors
	Custom Tunnel Ventilation Fan Systems		Photo Catalytic Oxidation (PCO) System to Reduce Airborne Contaminants and VOCs		Electric Heat, Explosion Proof Heat, Radiant Heat		Commercial & Industrial Fan Systems, Laboratory Exhaust Fan Systems
	Duct Silencers, Acoustical Enclosures, Commercial & Industrial Applications		Gas Detection Sensors and Control Systems		Hydronic Balancing, Bypass, Connection and Components		Garage Ventilation Systems, UL Smoke and Heat, Axial Ventilation
	Bag-In Bag-Out Filter Housings, Full Containment Systems, Containment Modules		Customer Airside Equipment, Make-Up Air Units, Custom Hoods		Chemical Corrosive and Explosion Resistant Fan Systems		Automatic Control Dampers, Manual Control Dampers, Zone Dampers, Cable Operated Dampers, VAV Diffusers
