FOLLOW US ON LINKEDIN

Based in Pittsburgh, PA, we are the leading HVAC Manufacturer's Representative in the tri-state area, specializing in high-quality commercial and industrial equipment.

We proudly support diverse sectors, including Healthcare, Education, Residential, Tenant Fit-Out, Heavy Commercial, and Industrial.

PRODUCT OFFERINGS

Counter and Crossflow Open Loop Cooling Towers, Marine Grade 316 Stainless Steel Axial Fan Blades, Catalog, Replacement, Full Custom, & Field Erected Options Available

Bag-In Bag-Out Filter Housings, Full Containment Systems, Containment Modules

VRF Heat Pump & Heat Recovery, Mini-VRF, Heat Pump/Cooling Only Split Systems, Air-Cooled Chillers

Chemical Corrosive and Explosion Resistant Fan Systems

Architectural Air Distribution

Active Chilled Beams and Induction Units

Energy Efficient & Stackable Fan Array Systems and Designs

Full Fabric Duct Applications, Fabric Diffusers

Destratification Fans

Pre-Engineered Fire Suppression Range Hood Systems

Engineered Coil Solutions for Commercial and Industrial Applications

Breechings, Chimney, Flues, Subduct Systems

Commercial and Residential ERV/HRV (95 - 11,000 CFM)

Dust Collecting, Fume & Mist Eliminators, Bag House Collection Systems

Ultra Efficient Liquid Desiccant Air Conditioning DOAS

Fully Integrated, Modular, Prefabricated Solution Designed Specifically for OR Ceilings that Integrate the Structural, Air Diffusion, & Lighting into a Single System

Gas Detection Sensors & Control Systems

Duct Silencers, Acoustical Enclosures, Commercial & Industrial Applications

Commercial & Industrial Extractors

Radiant Tube Heaters, Full Radiant Vacuum Systems, Gas & Electric Spot Radiant Heaters

Louvers, Commercial & Industrial, Control Dampers

Horizontal/Vertical Fan Coil Units, Water-Source Heat Pumps, Vertical Fan Coil Retrofit Units

Air-Cooled Water Chillers, Ductless & Ducted Water Fan Coils

Pre-Engineered Manufactured Rigid Outdoor Phenolic Ductwork Systems

Air Doors, Air Curtains, Strip Doors, Air Entrance Systems

Commercial & Industrial HLVS Fans

Full line of GRDs, Louvers, VAV and FPB, Life Safety and Control Dampers, Critical Environments including OR Ceilings, FFUs, Duct Heaters

Custom Air Handling Units, CW/HW, Split DX, Gas Heat, Filter Housing, Blower Coil Units

Vehicle Exhaust Systems, Specialty Collection Equipment

AIO (All in One) High Efficiency Packaged Heat Pumps with Integral ERV, Filtration, Dedicated OA, and Bathroom Exhaust, Vertical, Ceiling, Wall Type Units. NEXTAC - Standard PTACs and VTACs

Gas Furnaces, Central Air Conditioners, Ductless Air Conditioners, Heat Pumps, Hybrid Heating Solutions, & Condo Pack Through the Wall Units

Critical Controls, Fume Hood Controls, Room Pressure Systems, Venturi Valves, Fume Hoods, Sensors

Highly Efficient, Modular Air & Water Cooled Chillers, Heat Recovery Chiller, Air Cooled Simultaneous Heating/Cooling) & Reverse Cycle (Domestic HW) Heat Pumps

Suspension Solutions & Wire Hanging Systems for HVAC, Piping, & Other Construction Industries

Humidifiers, Electric Heaters, & HVAC Controls & Valves

Commercial & Industrial Fans, Laboratory Exhaust Fan Systems

Industrial Ventilation, Custom Tunnel Ventilation Fan Systems

Photo Catalytic Oxidation (PCO) System to Reduce Airborne Contaminants and VOCs

Commercial and Residential Bathroom Exhaust Fans, Light and Speed Controller Options, Polymeric and Aluminum Grilles

Garage Ventilation Systems, UL Smoke and Heat, Axial Ventilation

Critical Environment Air Conditioning (CRAC Units). Ceiling, Console, Floor Mounted (Upflow/Downflow), In-Row, Rooftop, and Wall Mount Options Available

Custom Airside Equipment, Make-Up Air Units, Customs Hoods, and Security Grilles

Electric Heat, Explosion Proof Heat, Radiant Heat, Heat Trace

Automatic Control Dampers, Manual Control Dampers, Zone Dampers, Cable Operated Dampers, VAV Diffusers

Heating and Cooling Radiant Ceiling Panels
